

THIAGO TORRES

Minas Gerais, Belo Horizonte, Brazil · +55 (31) 97222-5812
torrestube093@gmail.com · www.linkedin.com/in/thiagotorresz/

Junior Full Stack Developer passionate about creating exceptional digital experiences. I master a wide set of technologies, including JavaScript (Angular.js, React.js, TypeScript, Node.js), PHP (CodeIgniter, Laravel), Frameworks (Bootstrap, Tailwind CSS), Google Cloud, Firebase, MySQL and Python. In my current work, I develop and optimize interfaces, implementing innovative solutions that seek to increase the website's conversion rate. I'm looking for a company that values innovation and offers me the opportunity to contribute to challenging projects.

EXPERIENCE

2023 – CURRENT

JUNIOR DEVELOPER

VILLAGE RESORT, MINAS GERAIS, BRAZIL

Working in one of the largest resorts in Minas Gerais, contributing to the company's technological advancement. Provide the full range of technological services, monitoring and maintenance of the official website, creation of sales landing pages and capturing leads, among others.

Successful Examples:

- Participation in the creation and maintenance of our own Reservation Engine, generating a +20% increase in revenue.
- Improvements and maintenance on the official website, thus increasing direct sales by approximately 10x.
- Chatbot integration, accelerating customer service.

Languages and tools used ->

- HTML and CSS
- JavaScript (React.js, Node.js, Angular.js, TypeScript)
